Topic: 1st Team Building and Group Discussion

Agenda Overview:

- Discussing the Overall Structure of the DFD
- Using Draw.io as the tool to draw the DFD
- Discuss a different method of estimating software size

Team Updates:

- Shared updates and details regarding the upcoming company interview with CakeResume on 2024/5/20

Discussion Items:

HW 4 - Work Partitions

- For number 1 of the Group Part, we divided ourselves into two teams; one to work on the DFD structure (Jason, Samuel, Tuguldur), and the other team to work on calculating the FP and LOC values (Cappi, Grayson, Gabriela).
- Decided to talk about UCP as an alternative to FP and COCOMO.
- For number 2 of the Group Part, we divided ourselves into 3 teams of 2 (Jason/Samuel, Tuguldur/Grayson, Gabriela/Cappi).

Concerns:

- Due to difference of opinion, we weren't sure on how to structure our DFD at first.

Task Assignment List:

- Prepare and finalize interview questions for the company interview with CakeResume
- Finish Group Part for HW 4
